Claims 1-12 are objected to because of the following informalities: claim 1, line 13, "terminal" should be plural. The subject matter of claim 6 is already included in claim 1 and is thus redundant. Appropriate correction is required.

Claims 1-12 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: none of the prior art of record discloses or teaches the combination of a holder, ground terminal, insulative housing with upper and lower grounding holes, and a grounding shell having upper and lower plates with grounding arms that engage the ground terminal.
